THIS valuable Medicine, which has become cole-brated for the number of extraordinary cures ffected through its agency, has induced the proprieors, at the urgent request of their friends, to offer it to the public, which they do with the utmost confiience in its virtues and wonderful curative proper-ties. The following cartificates, selected from a large oumber, are, however, stronger testimony than the more word of the proprietors; and are all from gen-tlemen well known in their localities, and of the highestrespectability, many of them residing in the city of Richmond, Va.

P. BOYDEN, Esq., of the Exchange Hetel, Richmond, known everywhere, says he has seen the Medi-cine called Canzan's Spanish Mixtura, administered in over a hundred cases, in nearly all the discases for which it is recommended, with the most actorishingly good results. He says it is the most extraordinary medicine he has ever seen.

AGUE AND FEVER-GREAT CURE.-I hereby estify that for three years I had Ague and Fever of the most violent description. I had several Physicians, took large quantities of Quinine, Mercury, and I believe all the Tonics advertised, but all without permanent relief. At last I tried Carter's Spanish Mixture, two bottles of which effectually cured me, and I am happy to say I have had neither Chills or Fevers since. I consider it the best Tenic in the world, and the only medicine that ever reached my JOHN LONGDEN.

the City Hetel, in the city of Richmond, says he sed in a number of instances the effects of arter's Spanish Mixture, which were most truly suroriging. He says in a case of Consumption, dependent on the Liver, the good effects were wonderful indeed. SAMURL M. DRINKER, of the firm of Drinker & Morris, Richmond, was cured of Liver Complaint of 8 years standing, by the use of two bottles of Carter's GREAT OURS OF SCROFULA .- The Editors of

the Richmond Republican had a servant employed in their press room, cured of violent Scrofula, combined with Rheumanism, which entirely disabled him from work. Two bottles of Carter's Spanish Mixture made perfect cure of him, and the Editors, in a public notice, say they "cheerfully recommend it to all whe are afficted with any disease of the blood." One day Joe and his dog were passing Bunions grocery store, when a great piebald, ugly looking dog, standing alongside of a wood wagon, bounded on to Joe Tucker's dog, knocked him heels over head, and so frightened Bob Carter's wife, who was then passing towards her husband's blacksmith shop with his dinner, that she stumbled backwards, and her old sunbonnet flopping off scared the horse attached to the wagon. He started, hit Latherem's barber-pole, upset the load of wood, half of which falling down Gumbo's refreshment cellar struck one of Gumbo's children on the head, killing it for a time stone dead, and so alarmed Mrs. Gumbo that she dropped a stew-pan tried on an indictment containing two

Elias Boudinot, founder of the American Bible Society, was returning in his chaise to his home late in a dark night, from a court he had been attending many days. He did not know that a recent freshet had carried away all the planks from the long bridge which lay in his accustomed path. Therefore he drove right on, as though there were a bridge there, and reached home safely. His friends inxuired by what road he came. "The usual road," he replied. "Impossible." said they, "there are no planks on the bridge." He persisted, and they, trembling for his veracity or his sanity, eagerly went with him next morning early, to survey. When arrived, they found the very tracks of the carriage at either end of the bridge and on the sleepers, and the very foot prints of his horse on a central sleeper. There was no more to be said-sanity and veracity were both safe. Some power had presided over the instinct of that horse, had ordained the correspondence of those wheels with the sleepers over which they passed, and kept the man in ignorance of his danger. Was that power, fate or chance? O, my doubting friend, I turn from you and listen to another voice.
